- Just imagine Catalonia (or Cameroon)
- If even this evil person can be saved, the end must be near!
- Jerusalem - Royal City - Jesus is surely going to proclaim his kingship in Jerusalem anytime soon!
- "Therefore" Jesus said
- Searching the internet I found lots of American articles using this parable as a defence of capitalism
- In the European West we were usually taught this is about "self-development", but then of course with a spiritual touch :)
- "When will he return, if he returns, and how...?"
- It happened that a ruler went to Rome and got killed instead of receiving authority!
- Just imagine what would happen if you had served him and someone else became king!
- This is the mindset of the servant who hides his money
- "Wicked slave!"
- He's a coward
- Not "I have" or "my efforts" - grace gift of the Lord!
- Mat. 25: "Well done, you good and faithful slave! ... Come and share in your master's joy!"
